Renaissance Choral Music for Christmas

Stile Antico

1h12 1 SACD HMU807575 October 2015

Stile Antico's new Christmas programme of Renaissance polyphony features a glorious mass by the Flemish master Clemens non Papa, alongside traditional old-German carols and motets, many of them still sung to this day. An irresistibly festive collection! "Stile Antico has become the gold standard in this repertory" (The Independent, UK)
