# Musik aus dem antiken Griechenland

Atrium Musicae de Madrid, Gregorio Paniagua

0h52 1 CD HMA1951015 Juni 2000

## A unique musical document!

Whereas proofs of the greatness of Ancient Greek architecture and literature still exist in abundance, no more than a few scraps of their music have miraculously survived. They have been gathered together here for the first time in a partly 'archaeological', partly imaginary panorama of this music that was, after all, an integral part of daily life in Ancient Greek.
