Berio To Sing

Les Cris de Paris, Lucile Richardot Geoffroy Jourdain

0h58 1 CD HMM902647 April 2021

Few twentieth-century creators have been as inventive as Berio in their relationship with the history of music, with popular and ancestral traditions, drawing material, as he did, from both Beatles hits and the soundscapes of street and market. Here Geoffroy Jourdain paints the portrait of an explorer with a passion for the human voice. Truculent and volcanic in *Sequenza III* (performed with panache by Lucile Richardot), lyrical and caressing in *E si fussi pisci*, solemn and spellbinding in *Cries of London* . . . **Berio To Sing** throws open the doors to a colourful universe, extravagantly playful and, in a word, exhilarating!
