Jean-Guihen Queyras, Alexandre Tharaud

1h05 1 CD HMM902274 January 2020

Friends and frequent recital partners Jean-Guihen Queyras and Alexandre Tharaud are reunited here for an album conceived as a collection of short stories, presenting both celebrated and little-known masterpieces of the repertory. If the art of transcription is the hallmark of great performers, it must be said that our two partners are past masters at it! Throughout this lyrical yet virtuosic programme, music lovers will meet one surprise after another.
