JOSEPH HAYDN

Piano Sonatas, Vol.3 A. Planès

Alain Planès

1h05 1 CD HMC901763 February 2004

In this third volume devoted to Haydn, Alain Planès offers a broad selection of the composer's output. From the experimental, sometimes anguished pieces of the *Sturm und Drang* period, through the refined and witty *galanterie* of the 1780s, to the visionary masterpiece of Sonata no.61, already Schubertian in colour, he brings out to the full Haydn's indefatigable spirit of adventure and infinite resources.
