'Il Tedesco' in Rome, 1610

L'Escadron Volant de la Reine

1h03 1 CD HMM902645 August 2021

Roman accounts of the nobleman Kapsberger reveal a highly eccentric musician: a virtuoso theorbist, a singer, a successful composer, he was said to be arrogant, even irascible . . . A character straight out of a novel, as the musicians of L'Escadron Volant de la Reine present him in their first album on harmonia mundi, aided and abetted by a distinguished partner: on this colourful disc, the madrigals, villanellas and arias of 'Il Tedeschino' (The German) meet the literary fantasy of the writer Carl Norac.
