LEOŠ JANÁČEK

## Choral Works

Thomas Walter, Philip Mayers, Cappella Amsterdam, Daniel Reuss

1h11 1 CD HMM932097 February 2020

Janáček's choral works draw on an extremely rich repertoire of folksongs and folk tales. The composer seized on idioms from Bohemian and Moravian traditions, with their characteristic folk dances and rustic nursery rhymes, and on the recently published Moravian Duets of his compatriot Antonín Dvořák, to convey a mixture of emotions, forever shifting between cheerfulness and melancholy, like his subdued harmonies. Here we witness the birth of a musical language which, though deliberately rooted in central Europe, has projected for nearly a century the aura of a universal sentiment.

### Artists

- Dirk Luijmes  
Harmonium
- Cappella Amsterdam  
Chamber ensemble
- Daniel Reuss  
Conductor
- Thomas Walker  
Tenor
- Philip Mayers  
Piano

### Composers

- Leoš Janáček
