KAYHAN KALHOR

“Everybody needs everybody else, each of us is there for the other”

Kayhan Kalhor, Aynur, Cemil Qocgiri, Salman Gambarov

Oh57 1 CD HMC905277 June 2016

The name fit itself quite naturally to the four extraordinary musicians of this ensemble, who came together, somewhat by chance, at the Morgenland Festival in Osnabrück. By marrying their sensibilities, and each member's personal sound, they have created a universe which unites the Kurdish and Persian music traditions, with just a touch of the West. This magical osmosis reminds us how enriching the influence of migrating peoples can be for *all* the world's cultures.
