The Cloud of Unknowing

Conspirare

1h16 1 SACD HMU807577 August 2014

Craig Hella Johnson leads Conspirare, soprano Estelí Gomez, baritone David Farwig, and the Victoria Bach Festival string orchestra in this first recording of three choral works by Robert Kyr (b. 1952). Exploring the relationship between human and divine love, his cantatas *The Cloud of Unknowing* (2013) and *Songs of the Soul* (2011) transfixed audiences and critics alike when *Conspirare* premiered them. "A powerful new achievement in American music that vividly traces a journey from despair to transcendence" (The Wall Street Journal, concert review)
