CLAUDE DEBUSSY

La Mer. Première Suite d'orchestre

Les Siècles, François-Xavier Roth

50'35 1 CD HMM905369 November 2022

La Mer is one of Debussy's most universally admired orchestral works. By contrast, his *Première Suite d'Orchestre* was lost for more than a century, and came as a complete discovery in 2013 when Les Siècles made the world premiere recording, played on instruments of the period. **Now here is a brand-new remastering.** An ideal opportunity to view in a fresh light the career of a composer we thought we 'knew everything about'.
