ELENA LANGER

## Landscape With Three People

Anna Dennis, William Towers, Nicholas Daniel

• 0h59 1 CD HMU907669 February 2016

A selection of chamber works by Elena Langer (b. 1974, Moscow), notable for their playful counterpoint and delicate textures. The London-based composer delights in exploring the endless soundworlds of voices and instruments. "An enticing sonic tapestry, pitched midway between the expressive avant-garde tumult of Berio and the rough-and-tumble of folk music." (THE TIMES, UK)
