FRANZ SCHUBERT

Sehnsucht. Lieder

Matthias Goerne, Elisabeth Leonskaja

1h05 Digital HMC901988 March 2008

This recording is the first volume of the **Matthias Goerne Schubert Edition**, an extensive selection of lieder accompanied by distinguished pianists, with booklet notes by Christophe Ghristi: 'Schubert, in his lieder, recalls us to our condition as short-lived wanderers. A solitary voice sings of its torments and desires, accompanied only by that equally solitary instrument, the eminently self-sufficient piano. Here is no theatre but the echo, at last perceptible, of our inner depths, where silence reigns, where all is grave and nothing lies to us.'
