Old Roman Chant (byzantine period)

Ensemble Organum, Marcel Pérès

• 0h56 Digital HMA1951218 June 2003

"Marcel Pérès and his Ensemble Organum have made a fascinating collection of re-created Roman Church chants of the 7th and 8th centuries, before Gregorian codification had repressed the florid, middle-Eastern influences of Byzantine chant. The disk is compelling on a historical, intellectual and emotional level." – *New York Times*

This title was released for the first time in 1986.
