FREDERIC CHOPIN

Piano sonatas No.2 'Funeral' & No.3

Javier Perianes

1h06 1 CD HMM902391 Juli 2021

Beyond the celebrated 'Funeral March', Chopin's Second and Third Sonatas testify to their composer's astounding ease in musical structures on a much larger scale than waltzes, nocturnes – and mazurkas, such as the three that make up his op.63, cunningly used here to frame Javier Perianes's latest musical project. Whether in small or large forms, the most famous of all Romantic piano composers was an absolute master of musical dramaturgy.
