SERGEI RACHMANINOFF

Piano Trios

Trio Wanderer

1h12 1 CD HMM902338 May 2019

Rachmaninoff's output of chamber music is small but all the more precious for that. Two absolute gems bear witness to the fact: these 'elegiac trios', which were produced by a young composer still indisputably under the influence of Tchaikovsky. But Rachmaninoff's personality is already fully present, reaching heights of emotion and expressiveness. The pieces by Suk and Grieg add a further touch of character to the picture, which is painted with an exceptionally rich palette: the artistry of the phenomenal Trio Wanderer!
