JOAQUIN RODRIGO

Concierto de Aranjuez. Fantasia para un gentilhombre

Marco Socias, Orquesta Ciudad de Granada, Josep Pons

1h03 1CD HMG501764 September 2009

Finished in 1939, the *Concierto de Aranjuez* made Rodrigo famous overnight. It is presented here with its ideal CD coupling, the *Fantasia para un gentilhombre*, along with two much more rarely performed works.

The performers here, all of them Spanish, bring an authentically Iberian colouring to these works which now belong to the world's cultural heritage.

This CD was released for the first time in 2002.
