FRANZ SCHUBERT

Trios op.99 & 100

Trio Wanderer

1h39 2 CD HMM932002.03 February 2024

Unanimously hailed by the critics ever since their release in 2000, these recordings offer a chance to follow Schubert's development in the field of the piano trio, from the youthful *Sonatensatz* (1812) to the immense masterpieces of his maturity.

"The Wanderers take us on an exhilarating emotional rollercoaster ride, with a wonderful sense of conversational repartee in the fast outer movements and rapt expressions of wonderment in Schubert's sublime, songful slow movements. Sunday Times

This title was first released in January 2008.
