Violin Concerto & Chamber Works

Isabelle Faust, Les Siècles, François-Xavier Roth

43'39 1 CD HMM902718 March 2023

Isabelle Faust and François-Xavier Roth explore here extremely contrasting facets of Stravinsky's output for violin. From the Concerto to the *Pastorale*, the composer plays with codes and colours, sketching extraordinarily vivid soundscapes. Once again, the musicians of Les Siècles have succeeded in rediscovering the works' original dynamic by using period instruments – and that changes everything!
